

Cosmetic Website project

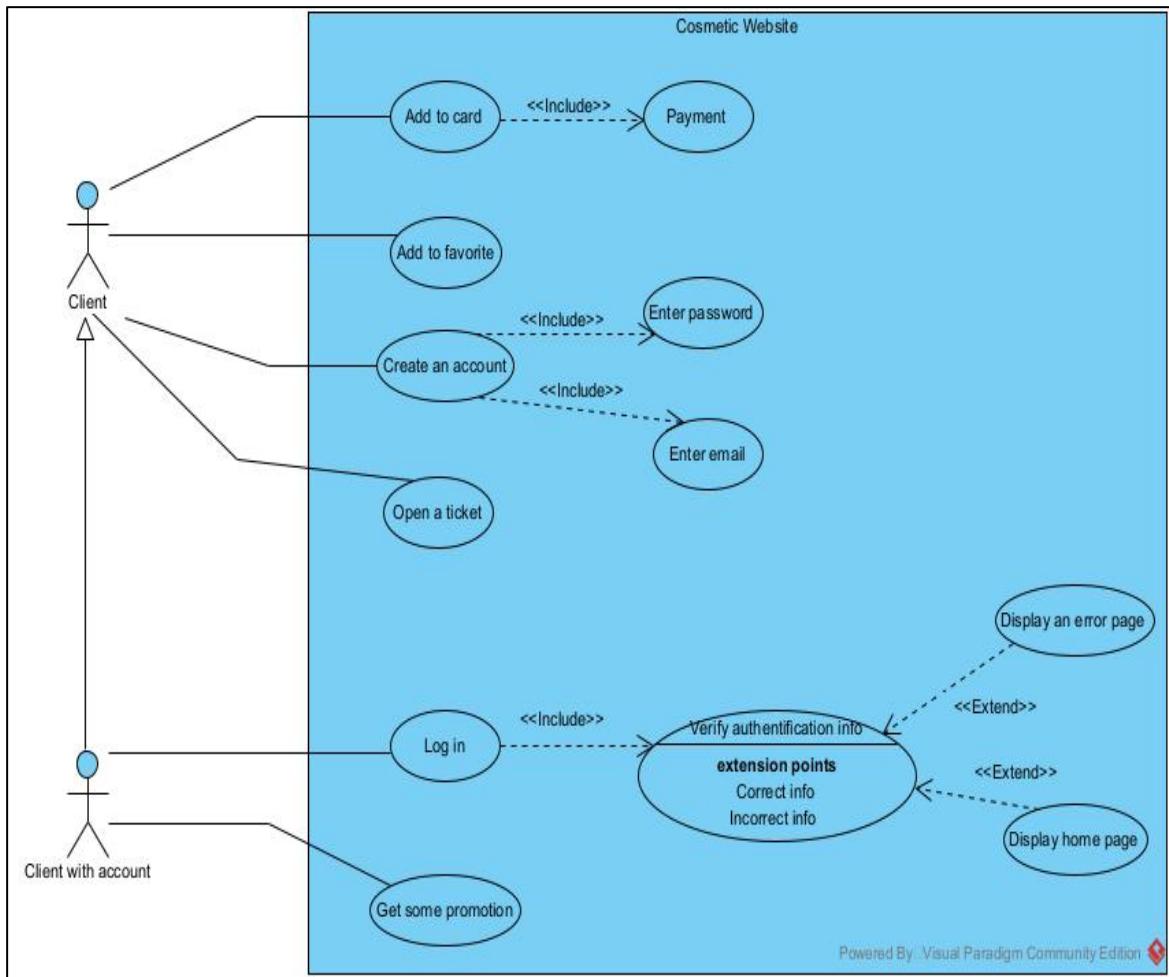

Description: Our project is to make a website selling cosmetics for men and women (makeup and care products). We resume our web site project in advanced web course and we add some more features as clients with an account having some advantages, a website manager...

1) Use Case diagram (final): (spelling mistake: replace card by cart!)

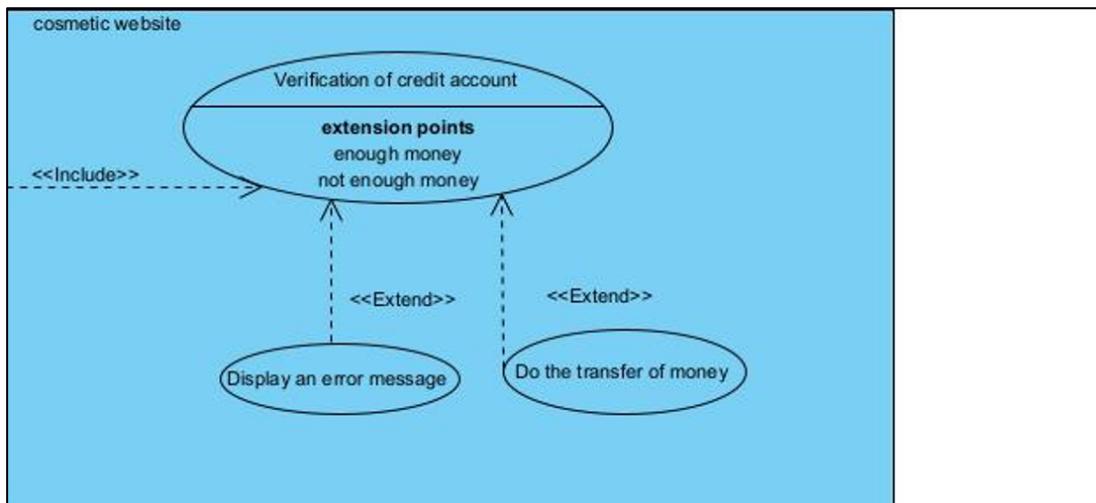

This is the Use case diagram for our whole project. It represents the process of users ordering something on the website including the check for the payment by the bank. It also includes customer services and website administration.

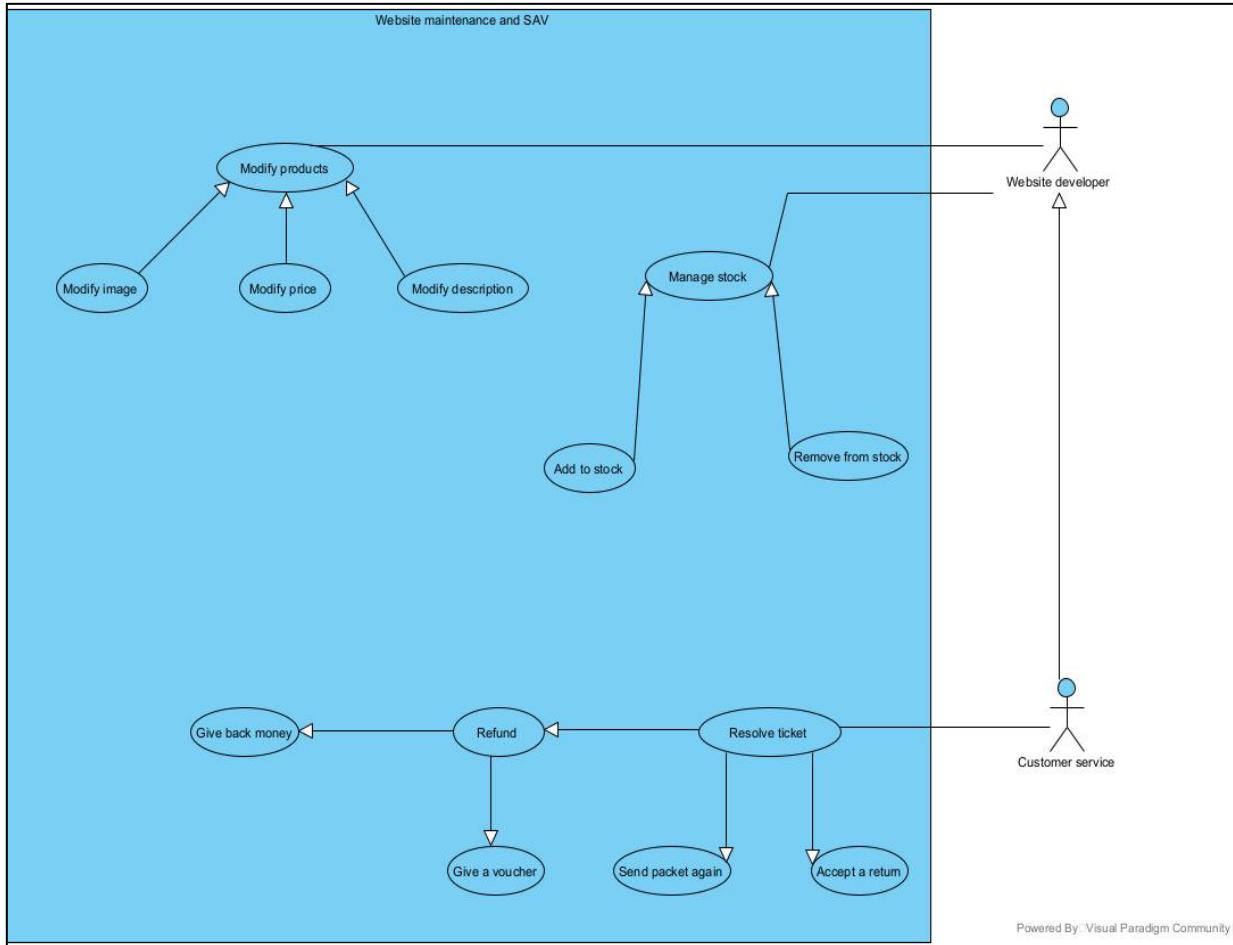

1.1) Client part (*Noa COLIN*):

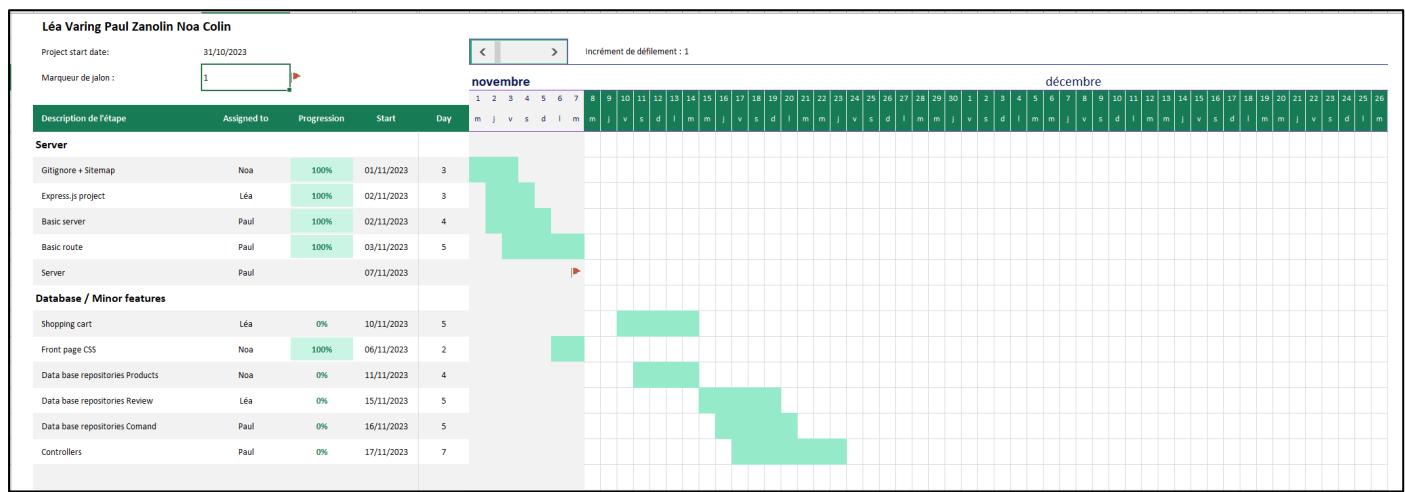

1.2) Service payment part (*Léa VARING*):

1.3) Website developer and customer services part (Paul ZANOLIN):

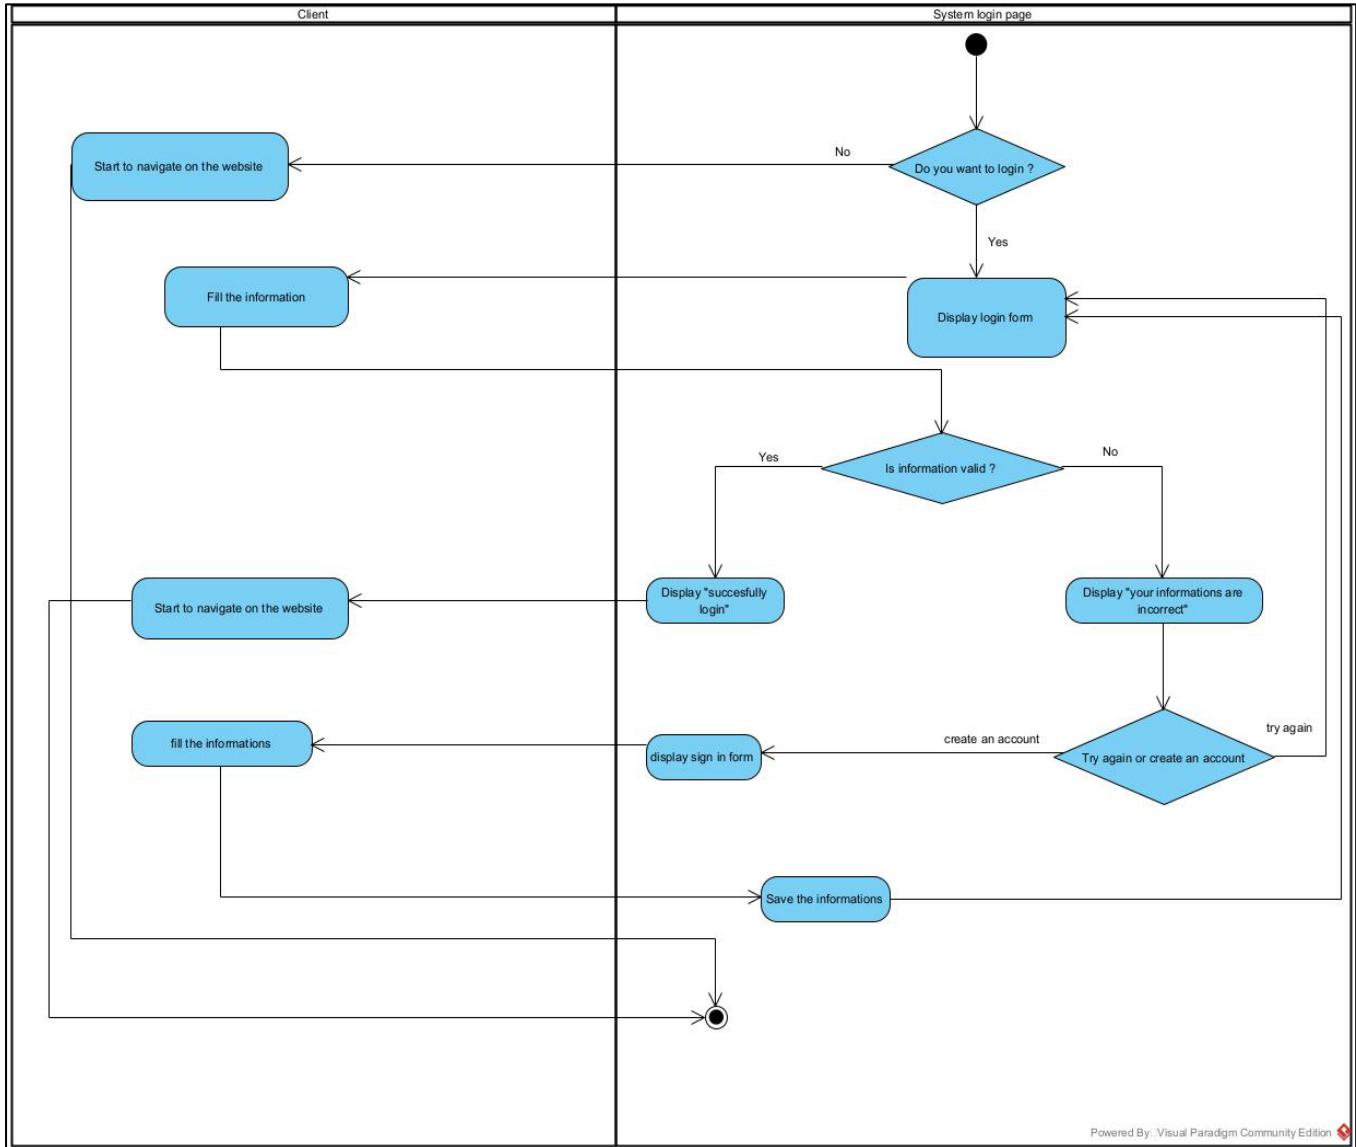

2) First Gantt Diagram:

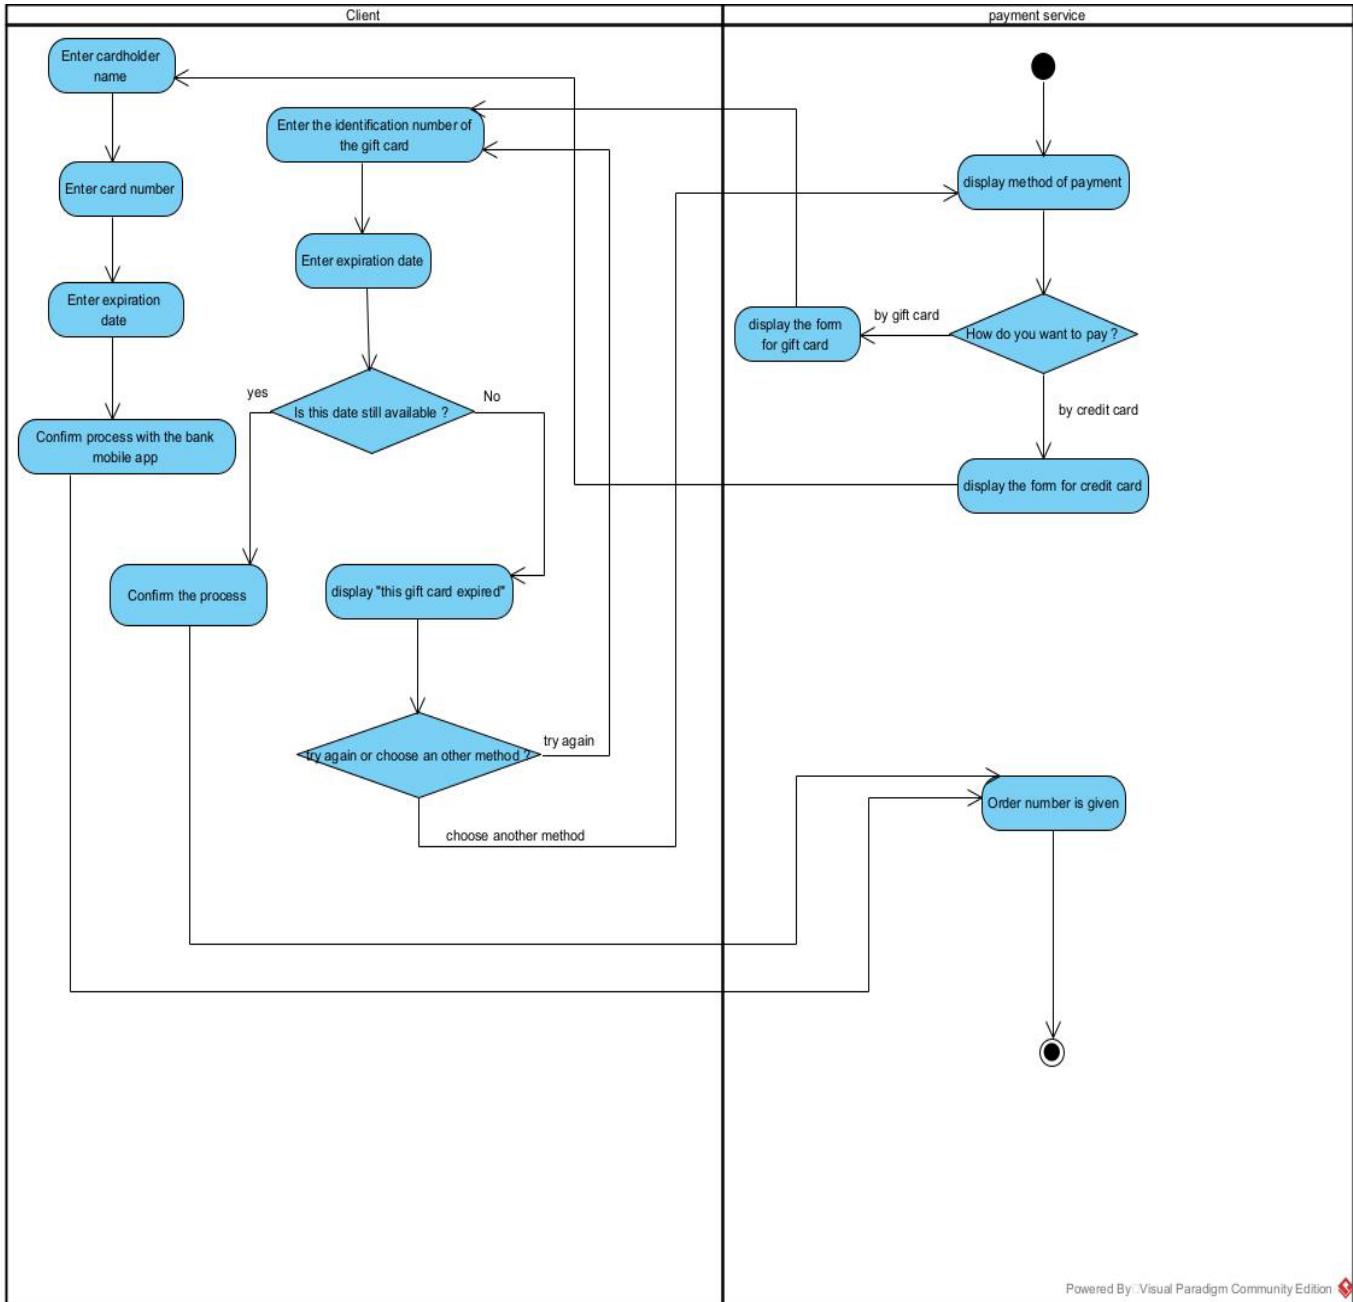

3) Activity diagram:

3.1) Log in action (Noa COLIN):

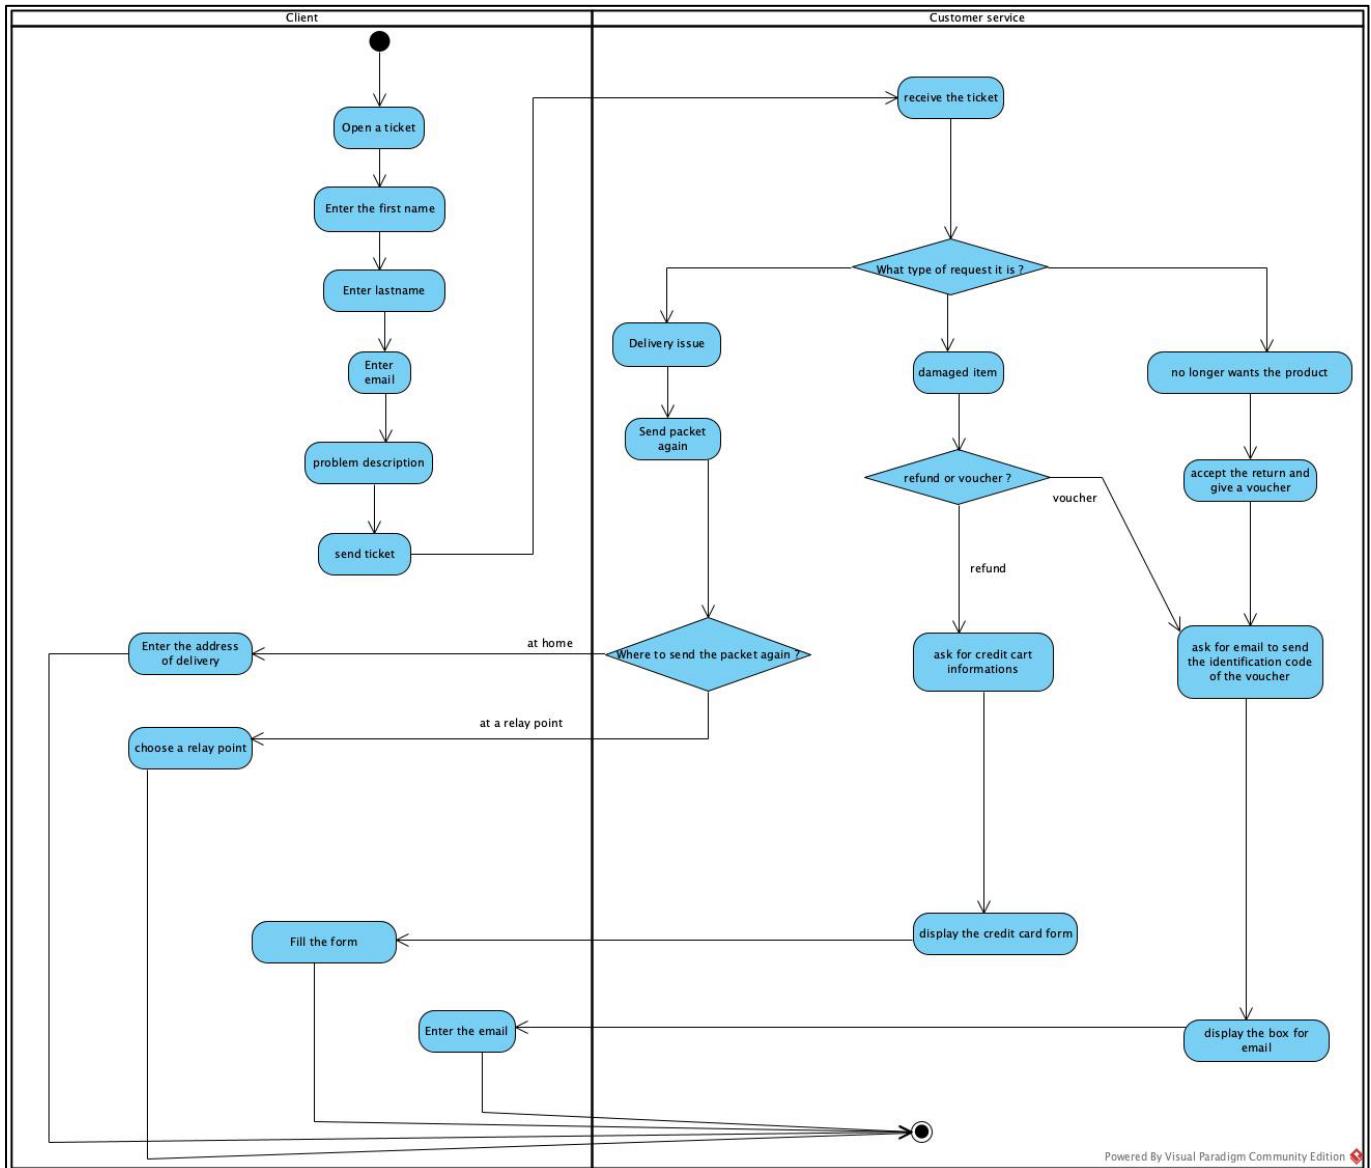

3.2) Payment service (*Léa VARING*):

4) Wireframes

4.1) Home page (Noa COLIN):

The wireframe shows a grid-based layout for a website. At the top, there is a header section with a logo placeholder (a square with an 'X') and navigation links: BEAUTY & Co, Home, Our products, Customer review, Contact, and Cart.

The main content area features a large central placeholder with the text "Discover our online site Beauty & Co" and a descriptive paragraph: "Create your routine with our Made in France products. You will find our exclusive formulas, suitable for all skin types for both women and men."

Below this, there are three product placeholders arranged horizontally, each with a large square placeholder and a caption below it:

- Dyed powder makeup [Buy](#)
- Lipstick makeup [Buy](#)
- Hair conditioner for men beauty [Buy](#)

At the bottom of the page, there are three small square placeholders and a link labeled "About us".

4.2) List of man products (Léa VARING):

4.3) Description page of one product (Paul ZANOLIN):

The wireframe shows a product description page for 'Solar Cream'. At the top left is a placeholder image with a large 'X' through it. To its right is a navigation bar with links: BEAUTY & Co, Home, Our products, Customer review, Contact, and Cart. Below the navigation is a large image placeholder with a large 'X' through it. To its right is the product title 'Solar Cream'. A detailed description follows: 'A solar creme SP30 sunscreen that offers UVA and UVB protection from the sun's harmful rays, thanks to its chemical UV filters.' Another description states: 'This silky moisturizing formula contains an 8% hydrating trio of polyglutamic acid, glycerin and squalane.' A third description notes: 'It retains moisture for a smooth and vibrant finish.' The price is listed as '29.99€'. A 'Quantity' input field contains the value '1'. An 'ADD TO CART' button is present. At the bottom, there are three smaller image placeholders with 'X' marks, and a link labeled 'About us'.
